### Why You Are Visiting

Your dentist may have referred you to our office, because he/she believes that you might need braces. This treatment is known as “orthodontics”. Orthodontists are dentists with advanced education and training in the diagnosis, prevention, and treatment of dental and facial challenges. Dr. Phillips is a Board Certified Diplomate of the American Board of Orthodontics. He holds membership with the American Association of Orthodontists and the American Dental Association. He also has been selected as one of Madison Magazines’ *Top Orthodontists* on numerous occasions. Dr. Phillips has been in practice since 1994.
